

iGo® power tips

interchangeable power tips for iGo chargers

For use with:

iGo Tip Technology

Patented tip technology allows a single iGo charger to charge virtually all your devices using interchangeable tips. These tips automatically configure to ensure each device gets the precise amount of power it requires.

Features and Benefits:

- Interchangeable power tips allow you to charge virtually all your devices from a single charger
- Compatible with thousands of brands and models of laptops, mobile phones, Bluetooth® headsets, smartphones/PDAs, MP3 players, portable gaming devices, digital cameras and more
- Automatically configures and regulates voltage and current, eliminating the need to adjust proper voltage on a multi-voltage charger
- Compact and lightweight – carry tips for all your devices instead of individual model-specific chargers

Compatibility:

iGo power tips are compatible with today's most popular brands of gadgets such as Apple, Dell, Compaq/HP, Motorola, Nokia, Palm, Samsung, Sony, Toshiba and more. Look for the iGo Colormatch logo. Visit www.iGo.com for the latest compatibility list.

iGo Green

Be Powerful. Eliminate Waste.

Using one iGo charger with power tips instead of multiple chargers saves you money and produces less waste.
