

Press Release

iGo(R) Expands U.S. Distribution Network With More Than 600 New Locations

iGo Chargers Now Available at US Cellular, Cricket, hhgregg, Fry's Electronics and Micro Center

SCOTTSDALE, AZ, Jun 04, 2009 (MARKETWIRE via COMTEX) -- iGo (NASDAQ: IGOI), a leading provider of innovative portable power solutions, today announced the continued expansion of the distribution network for its eco-friendly chargers for laptop computers and mobile electronic devices. In addition to finding the company's wide array of multi-device chargers at www.iGo.com, consumers will now be able to easily find iGo products at more than 600 new retail and wireless carrier stores across the country.

iGo chargers are now available at the following new locations:

-- US Cellular, the nation's fifth largest full-service wireless carrier. Following a successful trial, iGo chargers have been rolled out to 200 US Cellular locations.

-- Cricket, the nation's eighth largest wireless carrier. Cricket has rolled out iGo chargers to its entire network of approximately 250 stores.

-- hhgregg, a specialty retailer of consumer electronics, home appliances, mattresses and related services. iGo chargers are currently available in 111 hhgregg stores in Alabama, Florida, Georgia, Indiana, Kentucky, North Carolina, Ohio, South Carolina and Tennessee.

-- Fry's Electronics, a specialty retailer of consumer electronics. iGo chargers are currently on the shelf at 34 Fry's Electronics stores in California, Texas, Arizona, Georgia, Illinois, Indiana, Nevada, Oregon and Washington.

-- Micro Center, a specialty retailer of computers and consumer electronics. Twenty-one Micro Center stores nationwide now feature iGo chargers.

"We are very pleased with the progress of our efforts to broaden and diversify our distribution network," said Michael D. Heil, Chief Executive Officer of iGo. "The addition of these regional and national electronics retailers and wireless carriers to our distribution network allows us to bring the iGo value proposition to a broader array of consumers and business travelers. The expanded distribution network also creates a strong foundation for launching our new family of iGo Green(TM) Technology products later this year."

The iGo Green(TM) Technology product line, featuring the first green laptop charger, a surge protector and a wall outlet, will automatically use 85% less standby power than standard power products.

About iGo, Inc.

iGo, Inc., based in Scottsdale, Arizona, is a developer of eco-friendly chargers for laptop computers and mobile electronic devices (e.g., mobile phones, PDAs, digital cameras, etc.). All of these chargers leverage iGo's intelligent tip technology, which significantly minimizes electronic waste by enabling one charger to power/charge hundreds of brands and thousands of models of mobile electronic devices through the use of interchangeable tips. iGo is also the creator of a new, innovative patent-pending power saving technology that automatically eliminates virtually all wasteful and expensive standby or "vampire" power that is generated from chargers that continue to draw electricity when a mobile electronic device no longer requires charging or is disconnected from the charger.

iGo's products are available at www.iGo.com as well as through leading resellers and retailers. For additional information call 480-596-0061, or visit www.igo.com.

This press release contains "forward-looking statements" within the meaning of Section 21E of the Securities Exchange Act of 1934. The words "believe," "expect," "anticipate," "should," and other similar statements of expectations identify forward-looking statements. Forward-looking statements in this press release include statements regarding the launch of iGo Green Technology products later this year. These forward-looking statements are based largely on management's expectations and involve known and unknown risks, uncertainties and other factors, which may cause the Company's actual results, performance or achievements, or industry results, to be materially different from any future results, performance or achievements expressed or implied by these forward-looking statements. Risks that could cause results to differ materially from those expressed in these forward-looking statements include, among others, the Company's revenues and value could be materially impacted by the loss of major customer relationships; the inability of the Company's sales and marketing strategy to generate broader consumer awareness, increased adoption rates, or impact sell-through rates at the retail and wireless carrier level; the timing and success of product development efforts and new product introductions, including internal development projects as well as those being pursued with strategic partners; the timing and success of product developments, introductions and pricing of competitors; the timing of substantial customer orders; the availability of qualified personnel; the availability and performance of suppliers and subcontractors; the ability to expand and protect the Company's proprietary rights and intellectual property; the successful resolution of unanticipated and pending litigation matters; market demand and industry and general economic or business conditions; and other factors to which this press release refers. Additionally, other factors that could cause actual results to differ materially from those set forth in, contemplated by, or underlying these forward-looking statements are included in the Company's Annual Report on Form 10-K for the year ended December 31, 2008 under the heading "Risk Factors." In light of these risks and uncertainties, the forward-looking statements contained in this press release may not prove to be accurate. The Company undertakes no obligation to publicly update or revise any forward-looking statements, or any facts, events, or circumstances after the date hereof that may bear upon forward-looking statements. Additionally, the Company does not undertake any responsibility to update you on the occurrence of unanticipated events which may cause actual results to differ from those expressed or implied by these forward-looking statements.
