About iGo, Inc.

iGo, Inc., based in Scottsdale, Arizona, develops and markets universal chargers for portable computers and universal chargers for low-power devices such as mobile phones, Bluetooth(R) headsets, smartphones/PDAs, MP3 players, portable gaming devices, digital cameras and more. The Company's patented tip technology enables users to power and charge hundreds of brands and thousands of models of mobile devices with a single charger through the use of interchangeable power tips. iGo's brand offers a full line of chargers for AC-only, DC-only, or combination AC/DC, as well as battery-operated chargers. By using these revolutionary chargers and associated tips - which, in some products, enable users to power multiple devices simultaneously - mobile device users can save money and eliminate the extra weight and jumbled power cords associated with carrying multiple chargers.

iGo's products are available at www.iGo.com as well as through leading resellers and retailers. For additional information call 480-596-0061, or visit www.igo.com.
