**IGO REPORTS FOURTH QUARTER AND YEAR  
ENDED DECEMBER 31, 2014 FINANCIAL RESULTS**

LOS GATOS, Calif., April 10, 2015 – iGO, Inc. (OTCQB: IGOI) (the “Company” or “iGO”), a leading provider of eco-friendly power management solutions and accessories for mobile electronic devices, today reported financial results for the fiscal year ended December 31, 2014.

Net revenue for the three months and year ended December 31, 2014 was \$1.1 million and \$3.5 million, respectively, as compared to \$3.2 million and \$16.9 million in the same periods of the prior year, respectively. The decline in revenue in 2014 is due to iGo’s conversion to a royalty/profit sharing model. On December 13, 2013, iGo licensed the sale and support of its products to Incipio Technologies Inc. and now earns a royalty or profit sharing income stream based on sales. The royalty/profit sharing model provides an ongoing income stream without having to maintain a sales and distribution infrastructure. Prior to the licensing agreement, iGO sold its products through its own sales and distribution channels.

Net income was \$0.6 million, or \$0.22 per share, in the fourth quarter of 2014, compared with a net loss of \$2.9 million, or (\$0.99) per share, in the same quarter of the prior year. Net loss was \$1.1 million, or (\$0.37) per share, in the year ended December 31, 2014, compared with a net loss of \$12.6 million, or (\$4.30) per share, in the prior year.

The Company had \$7.4 million in cash, cash equivalents, and short-term investments, and no debt as of December 31, 2014.

**About iGO, Inc.**

iGO has been a leader in the mobile accessories industry since 1995, offering premium power solutions for laptop computers and electronic mobile devices that enhance the possibility of living life fully charged. iGO's universal chargers, batteries, and audio accessories offer support and performance that elevates the mobile consumer experience.
